The ESCO Foundation is able to provide grants that support our communities and employees in a variety of ways. We give approximately \$300,000 annually in support of our core charities, which are located across the U.S in areas where we have operations. We provide miscellaneous grants of up to \$1,000 in support organizations where are employees are actively involved or through which they have received valued services. In addition, we are able to provide scholarships to the children of employees and hardship grants that support employees who are facing extremely challenging circumstances.

In June, the 2022 ESCO Technologies Foundation scholarships were awarded. Including the eleven scholarships awarded this year, the Foundation has now given 159 scholarships, totaling over \$450,000.

Please see the information included in this newsletter for detail regarding two of the organizations we have supported this year and the 2022 Foundation Scholarship awards.

For more information regarding the Foundation and the organizations we support, please see our website at [www.escotechnologiesfoundation.org](http://www.escotechnologiesfoundation.org).

Cash/Investments Balance	485,374	543,195

## Doble

### Nashoba Regional High School Robotics Team

The Foundation made a \$1,000 grant this spring to sponsor the Nashoba Regional High School Robotics team. The funds were used to purchase raw materials, motors, gears, and tools. The team met after school and on weekends, and learned a lot about engineering as they built their robot and participated in the FIRST Robotics Competition. The team won the Industrial Design Award at the Central Massachusetts Competition and the Creativity Award in the New England District competition,

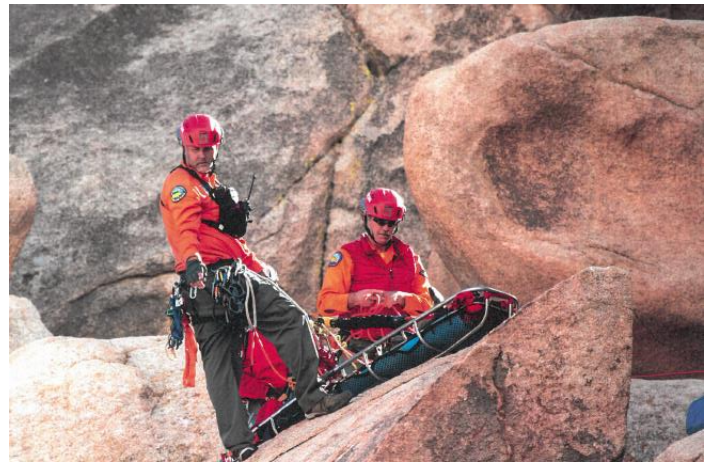

## ***PTI Technologies***

### **Ventura County Search and Rescue**

PTI has chosen a new core charity to support this year. The Ventura County Search and Rescue East Valley Team 3 (VCSAR3) responds to public safety and wilderness emergencies throughout Ventura County and the state of California. The team is comprised of highly dedicated and skilled volunteers, including PTI employee Kevin Smart. They are on call twenty-four hours a day and provide their services free of charge to anyone who needs help. In 2021, they volunteered over 5,600 hours in the community.

VCSAR3 relies on donations to cover their annual operating costs. When the team responds to calls for help in the backcountry, they need to be prepared with the proper equipment. Our Foundation grant of \$14,000 was used to purchase rugged and durable Arcteryx Ski Guide jackets. They replaced equipment that was at least 15 years old and no longer provided protection from the elements.

## 2022 Foundation Scholarships

Congratulations to the 2022 ESCO Technologies Foundation Scholarship recipients. Each student received a one-year \$3,000 scholarship for the upcoming school year. All applicants were sent a backpack to utilize for the upcoming school year. The Foundation's independent selection committee awarded scholarships to the following 11 students.

### **Carson Carranza**

Duke University  
(Mike Carranza - Westland)

### **Lucas Cortez**

Mt. San Antonio Community College  
(Jose Cortez – VACCO)

### **Daniel Dao**

University of Texas at Austin  
(Cuong Dao - Mayday)

### **Stephanie Dien**

Vanguard University  
(Anthony Dien – VACCO)

### **Julia Epshtein**

University of Massachusetts Amherst  
(Peter Epstein – Doble)

### **Andrew Hernandez**

University of Southern California  
(Ed Hernandez – VACCO)

### **Allyson Hoang**

University of California, Riverside  
(Joey Hoang – VACCO)

### **Taylor Holman**

University of Mary Hardin-Baylor  
(Matt Holman – ETS)

### **Rebecca Loera**

Texas A&M University  
(Gabe Loera - Mayday)

### **Jesse Ly**

University of California, Davis  
(Allen Ly – VACCO)

### **Tracy Nguyen**

Bentley University  
(Tung Nguyen – Globe)

This year we are excited to have been able to award our first scholarships to the children of employees at Globe, Mayday and Westland. Mayday sent us pictures of their two scholarship winners – Daniel Dao and Rebecca Loera.

Again this year VACCO hosted a bring-your-child to work day which included a presentation on the scholarship program. For the second year in a row it appears to have been very successful as we received a record number of applicants from and awarded five scholarships to children of VACCO employees.
